Dealer Appreciation Social Event. This will be the 3rd Annual Dealer Appreciation Event held at the show. Dealer response has been very positive and led to greater traffic in the exhibit hall and for a longer period of time. VDTA will set up various food and beverage stations at both ends of the hall to draw people through the exhibit hall. This is another way to encourage the dealers to visit your booth.

For those who participate as sponsors, a map and poster will be printed with the sponsoring booth locations indicated and distributed at the show and displayed. Logos or sponsor names will be printed on the show guide of the participating sponsors and on all relevant signage. If we have your investment commitment by November 15, we will designate your sponsorship on our advertising and badge materials. This is a winning situation for all concerned.
